Variety, expressiveness and creativity of this collection have been recognized by the prestigious international design award. Discover more on Tarkett's website.

MIXONOMI, feminine noun: *embodiment of a creative freedom where shapes and colours get combined and mix together through thematic harmonies.*

Secondary meaning: *invitation to a journey, from Stockholm to New Delhi, from London to Moscow, from the Western fringes to the Eastern rivers.*

Synonymous: *to imagine, to enjoy, to innovate, to compose.*

COLOUR

We traveled the world: the cosy Stockholm hotels, the gourmet Tuscani pastry shops, the perfumed Indian tea markets or the chic Savil Row tailors' shops.

We captured the colour souls and harmonies of these inspirational places and brought them alive.

Dare to stand out and use colours to create a new customer experience.
